

Beeston, Nottingham.

7 session Partnership offered.

We are a 3 partner and 2 part time salaried GP Practice using EMIS and working under a GMS contract and are looking to replace a salaried member of staff who has had to relocate for family reasons.

We are a friendly town centre Practice with a long history of excellent Patient Care, outcome data, satisfaction and access figures. We also have a robust system of internal communication, meet daily and work well as a team.

We are actively involved in GP commissioning, and see this as an ongoing commitment.

We are willing to wait for the right candidate

Applications by handwritten letter enclosing a CV to:

Helen Nixon, Practice Manager The Oaks Medical Centre

20 Villa Street Beeston Nottingham NG9 2NY

Closing date for applications 17/2/2012.

The Practice

Drs Mansford, Jacklin, Laurance, Atkinson and Swain,

20 Villa Street, Beeston,

Nottingham NG9 2NY

We are a long established practice in the commercial centre of Beeston, 3 miles outside Nottingham, adjacent to the University of Nottingham. We moved to a site directly opposite Sainsbury's super-store in Beeston in 1993. We also own the pharmacy premises next door. We have 6 good sized consulting rooms, 2 nurse's treatment rooms, a phlebotomy room and ample office space.

In addition to the doctors, we have four part-time practice nurses, a phlebotomist, HCA, a practice manager Helen Nixon, and a full compliment of clerical and reception staff. In National Patient Satisfaction survey's we attain very high results in all areas.

We have approx 7,300 patients and are open 8.00am to 6.30pm each weekday except early closing at 1pm on Thursdays. We run surgeries each day from 8.20 to 10.50am then sit & wait slots. In the evening we run 3.00 till 5.20pm followed by sit & waits. Each Wednesday we have two doctors offering later appointments until 8.00pm. Part of our good relationship with our patients is because we are highly available and avoid long waits for our patients. We normally make about one visit each per day.

We pride ourselves on achieving very high levels of QOF points. We take part in and support our local CCG and one partner is the clinical lead. We have a 22 year history of collaborative audit with the 5 neighbouring practices, and Beeston is a friendly place for GP's.

Beeston is a good place to live with good quality housing, excellent local amenities and high quality local schools. We are 10 minutes from the M1 so have good links to other areas and are only 40 minutes from the Peak District.

We have a local out of hour's co-op, but none of us does on call beyond the 8am - 6.30pm day. The local hospital is generally good and we have good attached District Nurses, Midwife and Health Visitor. Our relationship with our neighbouring pharmacist is very useful, particularly in prescribing queries and controlling prescribing costs.

Two partners have been working together for 17 years and have recently been joined by a $\frac{3}{4}$ time partner. You need to be able to work 7 sessions per week and be committed to high quality General Practice. We would prefer those sessions to be Monday to Thursday inclusive.

Still Interested?

We ask that applicants wishing to apply send a hand-written application letter with typed Curriculum Vitae. Once we have short-listed, then we are happy to arrange informal contacts or visits but not before that time.

Any queries should be sent to helen.nixon@gp-c84030.nhs.uk
